

The Phased Employment Program described in this document is an initiative which Skidmore College is taking to expand the options available to its eligible non-unionized employees (defined below) through a pre-retirement reduction of their full-time working commitment while gradually phasing into retirement over a period of years. For the College, the Program supports the anticipated needs for curricular and department flexibility.

Participation in the program is not an employee entitlement. The Program is voluntary for both the employee and the College, and all terms or arrangements will be mutually agreed upon and documented. All participants will retire at the completion of the agreed upon period. The initial arrangement for a reduction in employment is contingent upon budgetary feasibility as determined in the fall budget preparation/approval process immediately prior to the effective date of the Phased Employment Program request.

This plan description does not set forth all possible models for employment reduction; the offices of the participant's respective dean or vice-president and Human Resources are responsible for the administration of the program. For further information about your personal situation, please contact your dean, viceregbhe14

participation could occur with at lea
- You have attained the minimum a
equivalent, and have been employe

Deadline for an application (which must be completed and submitted in conformance with Section IV of this plan description) is October 1 of the calendar year preceding that in which the employee wishes to begin phased employment. However, due to the complexity and scope of the information which should be considered by the individual (tax, medical, financial, life-style implications) and the College (staffing levels, curriculum shifts, etc.), eligible employees are strongly encouraged to advise their office director or department chair/program director, and then their dean if applicable, or if not, to their vice-president of their interest by September 1 for the next fiscal or academic year.

A. Definition of Employment Commitment

1. Faculty:

The basic arrangement for phased employment offers the faculty member the opportunity to teach within the contractual period not more than half of the regular full-time load for the department/ program, including any interdisciplinary programs in which the faculty member may teach. Teaching in other College programs, such as summer school, is not included in this reduction and is not counted as part of the regular teaching load. In other words, participation in this program does not affect such other employment.

2. Employees Other than Faculty:

The basic arrangement for phased employment offers the participant the opportunity to work not more than half the regularly scheduled full-time hours for the department/office within which he/she currently is employed. Work in other College programs by those whose terms of employment do not require such other work is not included in this reduction (for example, administrators who teach occasionally for an academic department). In other words, participation in this program does not affect such other employment.

B. Term of Program

The term of a phased employment agreement will be established as up to 5 years by advance agreement.

C. Salary/Stipend

The basic plan provides for half-time employment for half salary plus an employment stipend of 20% of

8 6 2) n (9 . 4 -) e (41-y05s3gloo,ncndw 41.0 (m)1.,(inistista

7. Status: For the purpose of calculating length of service for benefits and College programs, a Program participant is considered a full-time employee.

E. Implications

1. Sabbaticals: Participants are not eligible for sabbatical or other types of paid leave.
2. Tenure: A tenured faculty member who participates in the Program shall be considered a full-time member of the faculty in good standing and shall retain all rights, privileges and responsibilities including community service; he/she shall continue to be employed by the institution on a full-time basis during the sabbatical year.

1. ~~An eligible employee will submit a request to their chair/office director for consideration. The request should be submitted to the chair/office director at least 60 days prior to the start of the sabbatical year.~~
2. The dean or vice president will consult with the department chair/office director, the applicant and other members of the department as appropriate to evaluate the request in terms of planning, personnel needs, space and support requirements as well as other pertinent factors. The chair/office director and other members of the department may be consulted on a follow-up basis as necessary.
3. The dean or vice president will approve, deny, or suggest a modification to the request.
4. The dean or vice president will approve, deny, or suggest a modification to the request.

8. This written agreement is irrevocable absent a mutual agreement between the College and the participant to change the agreement. As with individuals in all employee categories, continued satisfactory performance is expected and is a condition of continued employment, even under the Phased Employment Program. Once an employee is terminated, all benefits under this program will cease.

The College retains the right to allow exceptions to the provisions of the Program. Upon the President's request the program may be reviewed, modified or terminated at any time without affecting already existing arrangements.

Participation in the Phased Employment Program does not confer any additional employment rights upon the participant, and such participants shall remain subject to all applicable policies and procedures of the College during the term of such phased employment.

Instructions: To request consideration for participation in Skidmore's voluntary Phased Employment Program, you must be a regular, active employee whose age and length of service combine to equal not less than 70. Additionally, to be eligible, you must be at least 50 years of age and have attained a minimum of 15 years of full-time service or its equivalent, and have been employed by the College full-time during at least the last seven years. The application deadline is October 1 of the calendar year preceding that in which you wish to begin phased employment. Applications should first be submitted to his/her office director or department chair, then to their dean if applicable or if not, then to their vice president. All requests will be evaluated based on planning, personnel needs, space and support requirements as well as other pertinent factors.
